The Texas Commission on Environmental Quality (TCEQ) submitted a request to the Federal Emergency Management Agency (FEMA) to amend the Emergency Support Function (ESF-10) Mission Assignment for an additional \$2.1 million to fund our activities through the transition to 90/10% cost share. The State will then request the remainder of the original \$7.5 million (\$5.4 million) after the transition. Once fully approved, this will bring the total funding for assessment and response to \$17.5 million
